

Roseacre Awareness Group

.....encouraging awareness and knowledge of hydraulic fracturing in our community

ATTENTION CYCLISTS

.....do you use the lanes around.....

Elswick, Roseacre, Wharles, Treales, Inskip, Gt. Eccleston, Catforth, Crossmoor,
Newton, Clifton

Be aware

Cuadrilla have designated these as “roads around Roseacre” where they are applying for planning permission to drill four wells and hydraulically fracture them for shale gas. They have stated that the “roads around Roseacre” have between “35 and 145 HGVs” on them daily!! (Have you ever seen this many?) Is this just to smooth the way for their planning application because they will want to use the lanes for HGVs and tankers to service the drilling rig ? 7 days a week.....for years

**Be ready to voice your objection or give up the lanes
(or share with Cuadrilla’s fleet)**

More news about when and how during May.
