

R.A.G.

ROSEACRE AWARENESS GROUP

.....encouraging awareness and knowledge of hydraulic fracturing in our community

- **GROWING HEALTH CONCERNS** – pollutants released into the atmosphere have a demonstrable and proven adverse effect on health.
- **HOUSE PRICES** – We have already seen the effect of this, one house greatly reduced and another had sale withdrawn.
- **TRAFFIC** – Potentially up to 50-100 movements per day
- **NOISE** – Generators & Compressors working 24 Hrs.
- **FLARING & AIR POLLUTION** - 24/7
- **LIGHT POLLUTION** - From Dusk until Dawn
- **USE OF WATER** – Millions of gallons of drinking water will be used **per Well**.
- **HOUSE INSURANCE** – Most insurers will not insure your property against any damage due to Fracking.
- **SITE EXPANSION** – There could be up to 40 wells per site, with an increased impact on all the above.

COMING TO A FIELD NEAR YOU

STILL THINK FRACKING WON'T AFFECT YOU?

JOIN US IN PROTECTING OUR RURAL COMMUNITY

WHAT CAN YOU DO? See the reverse of this leaflet

What can you do?

- Write to/lobby your MP mark.menzies.mp@parliament.uk
- Write to Planners LCC & FBC devcon@lancashire.gov.uk planning@fylde.gov.uk
- Write to your Parish Councilors expressing your concerns
- Go to Cuadrilla meetings and really question them. Pin them down. Write to them with your concerns.
- Sign petitions & Join Greenpeace's NOT FOR SHALE Campaign.
- Object to the planning application (when it goes in)
- Join local resident groups (we have the RAG here) but also other groups such as RAFF, SAFE, FFF
- Make visible protests. Put up signs & Yellow Ribbons !
- Keep asking questions.
- Delve beyond all the PR hype
- Research, research, research and make up your own mind
- Take an interest in your local community and environment and make a stand

You can make a difference. Don't leave it until it is too late.

WE CANNOT DO IT WITHOUT YOUR SUPPORT
